

Get2Know - Manching Day 2022

Are you ...

a Bachelor/Master/Ph.D. student in your last years of University? • studying a subject relevant for **aerospace engineering or information technology**? • Interested in starting **a career in the aerospace industry**?

Then come and join the Airbus Defence & Space “**Get2KnowManching Day 2022**” on our Manching site to get an impression of the broad spectrum of current technological trends in aerospace engineering! Discover our products, services and technologies, get in touch with our engineering team and explore the Manching Military Aircraft Centre. Get insights on current positions and how to start **YOUR** career at Airbus from our recruiting experts.

Look out for our Aviation & Autonomy Hackathon

Take the opportunity to participate in a special hackathon! Join solo or in teams of up to 5 and compete in one of three exciting challenges – it can impact both your career as well as the next generation of aircraft systems! The Hackathon Kick-Off will take place during the Get2Know Manching Day, followed by a working phase of several weeks. The grand finale and actual Hackathon will be held in Manching early 2023. Find more details about the challenges in the registration. Sign up now!

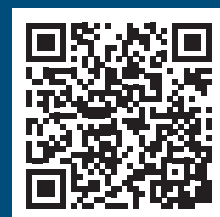

Date: Thursday, 27.10.2022

Time: 10:00am – 05:00pm

Logistics: Free bus transfers to and from Manching are planned from various locations such as München, Stuttgart, Nürnberg-Erlangen, and more. Detailed routes will be confirmed after registration.

Please register here online until

31st of August 2022:
